

Bravo

All-in-One Countertop Water Filter with Ultrafiltration

- High-quality multi-stage filtration
- Easy-change filter element
- Quick setup without tools
- Fits every faucet
- Beautiful design matches any kitchen style

Beautiful, high-end all-in-one countertop water filter with sediment filtration stage, coconut shell activated carbon sorption stage and 0.01 micron ultrafiltration membrane final stage for perfect water filtration and conditioning, with the quarter-turn bayonet instant change filter element.

0.01 μm Membrane
for Fine Water
Conditioning

Ultrafiltration

Ideal choice for rented (and any other) apartments

Install it in minutes without tools and touching a thing in sink deck or plumbing system, and start enjoying great tasting and safe water instantly.

Multi-function diverter included that fits virtually any kitchen sink faucet. You don't have to mount and unmount the filter every time you need clean water. Install the diverter once on the tap, without tools, and use its multi-function valve everyday to divert water to the filter when you need pure water, or bypass the filter for normal tap water.

- On-tap multi-function diverter valve included
- Universal adapters fit most faucets
- Tool-free connection

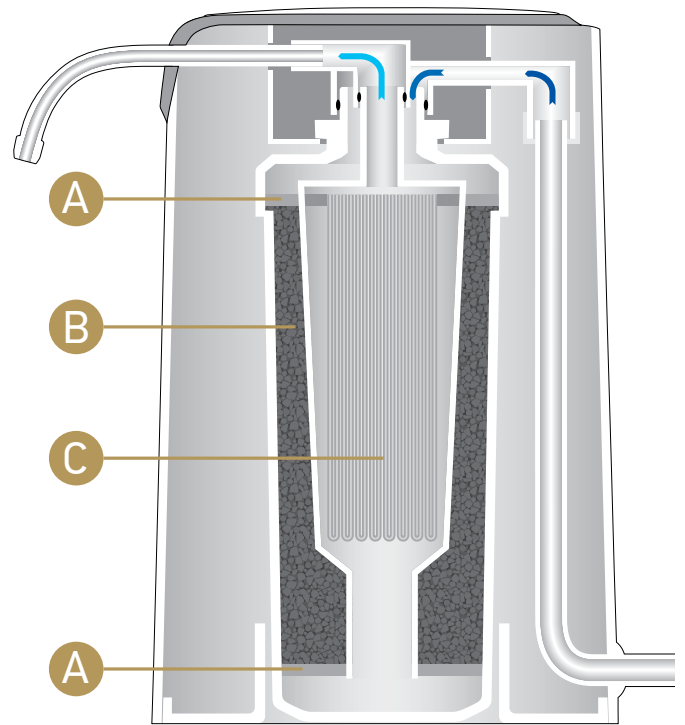

- Quarter-turn, instant-change filter element

Fully Certified

Conforms to Directives and Standards 2015/1787/EU, 98/83/EC, EN 13443-2:2005 + A1:2007, EN 14898: 2006+A1:2007, EN 14652:2005+A1:2007.
